The screenshot shows the 'thinqi' interface. On the left is a sidebar with navigation options: Collapse, Course content, Calendar, About this course, Instructor tools (expanded), Instructor tasks (2), Marks and boundaries, Student marking, Team, Reports, Cohort state, and Settings. The main content area has two sections: 'Registration code' and 'Course version'. The 'Registration code' section includes a description, a code field containing 'CN602', a 'Copy' button, a 'View QR code' button, and an 'Update registration code' link. Below it is the 'LTI integration' section with a toggle switch. The 'Course version' section shows the current version as 'Monday, 10 October 2022 14:39 v1.0.0' and a 'Change version' button, which is circled in red.

The screenshot shows a 'Change course version' dialog box. It has a title bar 'Registration code' and a subtitle 'Change course version'. There is a search bar 'Search for a version' with a magnifying glass icon. Below it, the 'Current version' is listed as 'Monday, 10 October 2022 14:39 v1.0.0'. A list of 'Available versions' is shown, with 'Automatic Updates' selected and circled in red. Below the list, the current version is shown again with a 'Current version' button. At the bottom, there are 'Change version' and 'Cancel' buttons, with 'Change version' circled in red.
