

Conservative Dentistry Department (2025-2026) Curriculum of Conservative Dentistry for 2nd year CONS211

W	Date	Lecture	Title of Practical Session
1	20/9	Introduction to Conservative Dentistry: Objectives and Terminology	Course Orientation & Introduction of Operative Dentistry
2	27/9	Tooth Numbering	Cavity Classifications and Nomenclature
3	4/10	Cavity Classification	Principles of Cavity Preparation+ Instruments and Instrumentation
4	11/10	Cavity Nomenclature.	Class I Amalgam Cavity Preparations
5	18/10	Fundamentals of Tooth Preparation (1)	Follow Up
6	25/10	Fundamentals of Tooth Preparation (2)	Follow Up
7	1/11	Fundamentals of Tooth Preparation (3)	Follow Up
8	8/11	Fundamentals of Tooth Preparation (4)	Compound Class I Amalgam Cavity Preparations
9	15/11	Mid term Instruments and Instrumentation (1) -General Classification -Hand Instruments	Follow up
10	22/11	Instruments and Instrumentation (2)	Follow Up
11	29/11	Rotary instruments	Class II Amalgam Cavity Preparations + MOD
12	6/12	Clinical technique for class I amalgam preparations	Follow Up
13	13/12	Clinical technique for class II amalgam preparations	Follow Up

Curriculum of Conservative Dentistry I for third level CONS 313

We ek	Date	Lectures	Practical
1	20/9	Preliminary consideration	Course orientation & introduction of preliminary consideration: chair position
2	27/9	Rubber dam isolation	Rubber dam isolation
3	4/10	Introduction to composite (1)	Follow up
4	11/10	Introduction to composite (2)	Class I cavity preparation and resin composite restoration
5	18/10	Posterior resin composite (1)	Follow up
6	25/10	Posterior resin composite (2)	Class II cavity preparation and resin composite restoration
7	1/11	Posterior resin composite (3)	Follow up
8	8/11	Adhesion (1)	Follow up
9	15/11	MIDTERM EXAM Adhesion (2)	Class III Class IV cavity preparation and resin composite restoration
10	22/11	Anterior resin composite(1)	Follow up
11	29-11	Anterior resin composite(2)	Follow up
12	6-12	Anterior resin composite(3)	Class V cavity preparation and resin composite restoration
13	13-12	Revision	Follow up

Curriculum of Conservative Dentistry for fourth level Semester I

Week	Date	Lectures	Practical
1	20/9	Selection of dental restorative materials	Demo in class I composite
2	27/9	Introduction to resin composite (1)	Follow up
3	4/10	Introduction to resin composite (2)	Follow up
4	11/10	Introduction to resin composite (3)	Demo on class II composite
5	18/10	Posterior resin composite (1)	Follow up
6	25/10	Posterior resin composite (2)	Follow up
7	1/11	Posterior resin composite (3)	Follow up
8	8/11	Adhesion (1)	Follow up
9	15/11	Adhesion (2) MIDTERM EXAM	Demo on class III and IV composite
10	22/11	Anterior resin composite(1)	Follow up
11	29-11	Anterior resin composite(2)	Follow up
12	6-12	Failure of restoration(1)	Follow up
13	13-12	Failure of restoration(2)	Follow up

**Curriculum of Conservative Dentistry for the
fifth level Semester I**

Week	Date	Lectures	Practical
1	20/9	Selection of dental restorative materials	Demo in class I composite
2	27/9	Introduction to resin composite (1)	Follow up
3	4/10	Introduction to resin composite (2)	Follow up
4	11/10	Introduction to resin composite (3)	Demo on class II composite
5	18/10	Posterior resin composite(1)	Follow up
6	25/10	Posterior resin composite(2)	Follow up
7	1/11	Posterior resin composite(3)	Follow up
8	8/11	Adhesion (1)	Demo on class III and IV composite
9	15/11	Adhesion (2)	Follow up
10	22/11	Anterior resin composite(1)	Follow up
11	29-11	Anterior resin composite(2)	Follow up
12	6-12	Failure of restoration(1)	Follow up
13	13-12	Failure of restoration(2)	Follow up
