Semester 2, Module 1 (MIP 107)
(Principles of microbiology, immunology, and parasitology)

PRACTICAL SESSIONS

Practical No.	Parasitology	Microbiology
Practical 1	Introduction to Platyhelminthes (Trematodes and Cestodes)	Identifying different bacteria and fungi under the microscope
Practical 2	Introduction to Nematodes, Protozoa	Bacterial cultures
Practical 3	Medically important arthropods 1	Differentiating different bacterial growth in culture
Practical 4	Medically important arthropods 2	Antibiotic sensitivity test
Practical 5	Laboratory diagnosis of Parasitic diseases	Method for diagnosis of viral infection
Practical 6		Method for diagnosis of fungal infection
Practical 7		Immuno-diagnostic tests

*** All Lectures will be in lecture hall 2 (first floor)**

At the start of each lecture there will be formative exam in the form of SBAs or ultrashort assays.

All practical classes will be held in Microbiology and Parasitology labs.

***Group A(1-400)**

***Group B(اخر الكشف-401)**

		Histology 8 Histological structures of Blood vessel				
Thursday 30-4-2026	Practical Exam					
End module exam						

All Lectures will be held in hall2 (first floor)

All Practical classes will be held in anatomy, physiology, biochemistry&histology labs.

Group A : from student number 1 to 410

GroupA is divided into 4 sub groups (1-2-3-4) , each sub group includes about102 students which is further sub divided into 2 groups, first group in the first practical hour &the second group in the second practical hour

GroupA1: from 1 to 102 in anatomy lab G27, physiology lab 104, histology lab416
&biochemistry lab 217

GroupA2: from 103 to 205 in anatomy lab G31, physiology lab 114, histology lab428&biochemistry lab 223

GroupA3: from 206 to308 in anatomy lab lab G27, physiology lab 104, histology lab416
&biochemistry lab 217

GroupA4: from 309 to 410 in anatomy lab G31, physiology lab 114, histology lab428&biochemistry lab 223

All Lectures will be held in hall2 (first floor)

All Practical classes will be held in anatomy,physiology,biochemistry&histology labs.

Group A : from student number 1 to 410

GroupA is divided into 4 sub groups (1-2-3-4) , each sub group includes about102 students which is further sub divided into 2 groups, first group in the first practical hour &the second group in the second practical hour

GroupA1: from 1 to 102 in anatomy lab G27, physiology lab 104, histology lab416 &biochemistry lab 217

GroupA2: from 103 to 205 in anatomy lab G31, physiology lab 114, histology lab428&biochemistry lab 223

GroupA3: from 206 to308 in anatomy lab lab G27, physiology lab 104, histology lab416 &biochemistry lab 217

GroupA4: from 309 to 410 in anatomy lab G31, physiology lab 114, histology lab428&biochemistry lab 223

GroupB: from student number 411 to 815

GroupB is divided into 4 sub groups (1-2-3-4) , each sub group includes about102 students which is further sub divided into 2 groups, first group in the first practical hour &the second group in the second practical hour

GroupB1: from 410 to 512 in anatomy lab G27, physiology lab 104, histology lab416 &biochemistry lab 217

GroupB2: from 513to 615 in anatomy lab G31, physiology lab 114, histology lab428&biochemistry lab 223

GroupB3: from 616to718 in anatomy lab G27, physiology lab 104, histology lab416 &biochemistry lab 217

GroupB4: from 719 to 815 in anatomy lab G31, physiology lab 114, histology lab428&biochemistry lab 223
