

CURRICULUM OF ENT DEPARTMENT

المحاضرات العامة

الاحد : من كل أسبوع من الواحدة والنصف ظهرا حتى الثانية والنصف

الاربعاء : من كل أسبوع من الواحدة والنصف ظهرا حتى الثانية والنصف

محاضرات (O) OTOLOGY

اد محمد رشاد غنيم اد سعد الزيات د محمد عبد البديع

محاضرات (R) RHINOLOGY

اد احمد رجب اد اسر الشرقاوى اد سعد الزيات

محاضرات (P) PHARYNGOLOGY

اد سعد الزيات

محاضرات LARYNX & HN

اد محمود عبد العزيز

محاضرات (O) OESOPHAGUS

اد سعد الزيات

محاضرات (A) AUDIOLOGY

اد تقوى جبر

توزيعاتها كالاتى

9===== OTOLOGY (O) محاضرات

6=====RHINOLOGY (R) محاضرات

5=====PHARYNX (P) محاضرات

4=====LARYNX (L) محاضرات

1=====HEAD AND NECK (H and N) محاضرات

3===== OESOPHAGUS محاضرات

2===== Audiology introduction & disorders محاضرات

1. Teaching and Learning Schedule of Otology(O)

	Clinical Rounds	Didactic Lectures
O1	Symptomatology. Clinical Examination. Investigations.	Surgical Anatomy. Applied Physiology.
O2	Differential Diagnosis of Painful Ear.	Otitis Externa. ASOM. Malignant Tumors.
O3	Differential Diagnosis of Discharging Ear.	CSOM and its two types.
O4	Differential Diagnosis of Complicated Ear.	Complications of CSOM.
O5	Differential Diagnosis of Deaf Ear (1): Causes of CHL with perforated drum. Causes of CHL with Intact Drum.	Wax Otomycosis. OME and ET diseases. Otosclerosis Ossicular Interruption
O6	Differential Diagnosis of Deaf Ear (2): Benign Tumors. Causes of SNHL	Osteoma , Glomus. Presbycusis and Labyrinthitis. Acoustic Tumors.
O7	Ear Trauma.	Trauma to Auricle. FB Ear. Otitic Barotrauma. TM Perforation. Fracture Temporal Bone. CSF Otorrhea.
O8	Facial palsy	Facial palsy

O9	Differential Diagnosis of Vertigo.	Meniere's Disease. BPPV. Vestibular Neuritis.
-----------	------------------------------------	---

2. Teaching and Learning Schedule of esophagus

	Clinical Rounds	Didactic Lectures
O1	DD of Lower Dysphagia.	GERD. Esophageal Stricture. Achalasia. Esophageal Tumors.

3. Teaching and Learning Schedule of Rhinology

	Clinical Rounds	Didactic Lectures
R1	Symptomatology. Clinical Examination. Investigations.	Surgical Anatomy. Applied Physiology. Rhinitis DS, hematoma and abscess
R2	DD of Nasal Obstruction (1): 1. Diffuse causes: 2. Septal causes: 3. Causes from the roof:	Antrochoanal polyp and Sinonasal Polyposis. Sinonasal Tumors PCA. Nasopharyngeal Tumors Encephalocele, glioma, olfactory neuroblastoma
R3	DD of Nasal Obstruction (2): 4. Lateral wall causes: 5. Causes at choana:	FB nose. Fracture facial bones. Rhinoplasty.
R4	DD of Headache	Sinusitis: Causes, Pathology

		,Types. Diagnosis and Treatment.
R5	DD of Headache (2) Nasal Trauma.	Sinusitis: Complications.
R6	DD of Nasal Discharge	Allergic Rhinitis. Epistaxis. CS Rhinorrhea.

4. Teaching and Learning Schedule of Pharyngology (P)

	Clinical Rounds	Didactic Lectures
P1	Symptomatology. Clinical Examination. Investigations.	Surgical Anatomy. Applied Physiology.
P2	Differential Diagnosis of Sore Throat.	Pharyngitis. Tonsillitis. Pharyngeal Suppurations
P3	DD of Upper Dysphagia	FB Pharynx & Corrosives. Pharyngeal Pouch. Globus Pharyngeus. Pharyngeal Tumors.
P4	Differential Diagnosis of Oral Ulcers. Velopharyngeal Insufficiency. Sleep Disturbances.	Oral Ulcers. VPI and cleft lip & palate. Snoring and OSAS.

5. Teaching and Learning Schedule of Laryngology (L)

	Clinical Rounds	Didactic Lectures
L1	Symptomatology. Clinical Examination. Investigations.	Surgical Anatomy. Applied Physiology.
L2	DD of Stridor	Laryngomalacia & Congenital Stenosis. FB Larynx and Bronchus. Laryngeal Trauma. Acute Laryngitis.
L3	DD of Hoarseness of Voice (1).	Adult and Juvenile Papillomatosis. Laryngeal Paralysis. Tracheotomy. Congenital Web. Chronic Laryngitis. Vocal fold nodules, polyp & cyst Reineke edema.
L4	DD of Hoarseness of Voice (2).	Leukoplakia. Cancer Larynx.

6. Teaching and Learning Schedule of Neck (N)

	Clinical Rounds	Didactic Lectures
N1	Symptomatology. Clinical Examination. Investigations. Neck Trauma Diagnosis and Management	Surgical Anatomy. Applied Physiology. Neck Trauma Diagnosis and Management Thyroglossal cyst. Dermoid cyst.

7. Teaching and Learning Schedule of audiology (A)

	Clinical Rounds	Didactic Lectures
A1	Symptomatology. Clinical Examination. Investigations. HEARING LOSS Diagnosis and Management	Applied Physiology. CHL SNHL
A2	Differential Diagnosis CHL SNHL	COCHLEAR IMPLANT
